Dear students!

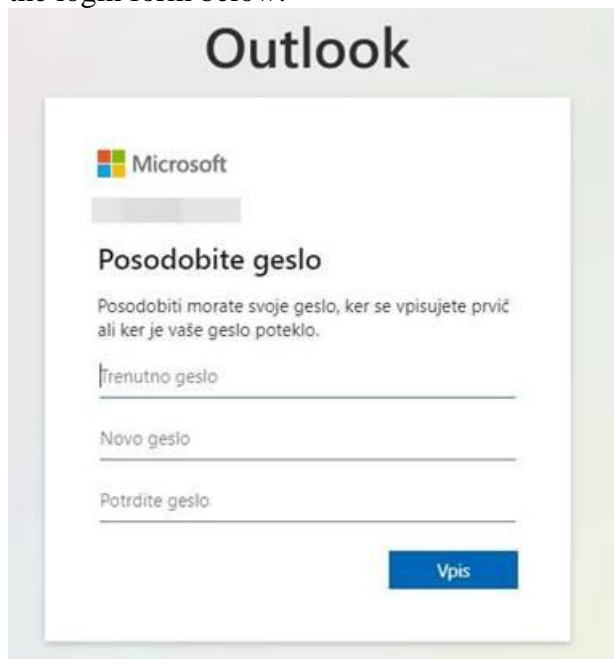

In accordance with the presentation and approval of security solutions at the Deans' College on September 14, 2023, we would like to inform you about the following security measures:

Mandatory passwords change every 180 days, in accordance with the adopted information security policy of the University of Ljubljana.

Mandatory use of complex passwords (at least 10 characters, including complex characters, uppercase and lowercase letters, and numbers), in accordance with the adopted information security policy of the University of Ljubljana.

On the night of Wednesday, September 27, 2023, to Thursday, September 28, 2023, a mandatory password change will be enforced. After the mandatory password change, you will need to update your password before your next login to the study information system.

Please change your password on the OFFICE.COM portal (<https://www.office.com/>) using the login form below:

The image shows a screenshot of the Outlook password change interface. At the top, the word "Outlook" is displayed in a large, bold, black font. Below it, the Microsoft logo is visible. The main heading is "Posodobite geslo" (Update password). Underneath, there is a message in Slovenian: "Posodobiti morate svoje geslo, ker se vpisujete prvič ali ker je vaše geslo poteklo." (You must update your password because you are logging in for the first time or because your password has expired). There are three input fields: "Trenutno geslo" (Current password), "Novo geslo" (New password), and "Potrdite geslo" (Confirm password). A blue button labeled "Vpis" (Sign in) is located at the bottom right of the form.

After changing your password, you will be able to log in to the study information system and other applications provided by the University of Ljubljana with your new password. After changing your password, don't forget to update the passwords on all applications (e.g., Eduroam, Outlook, or other email clients) that you use on your mobile and other devices to access the information resources of the University of Ljubljana.

Sincerely,
University of Ljubljana
