

Dance with us to the beat
of digital sovereignty at

DISCO Slovenia Digital Sovereignty Conference

Civil Society Reimagining Technological Progress

From 24 to 26 October 2023
in Ljubljana, Slovenia!

Join an electrifying event that
brings together activists, legal
experts, and engineers who
understand the significance of
owning the means of digital
production!

DISCO Slovenia's inaugural
conference will focus on the
transformative power of active and
engaged civil society in reclaiming
digital sovereignty. From inspiring
legal battles and campaigns to
engineering breakthroughs, we will
offer alternative ways to think about
the idea of technological progress.

The deadline for registration is 30 September 2023.

With a diverse programme spanning three conference days, you'll have the opportunity to attend captivating keynote events open to the general public, engage in thought-provoking panel discussions covering a wide range of topics, or immerse yourself in tailor-made workshops designed specifically for NGOs and journalists. Whatever your groove, DISCO Slovenia has you covered.

Find more information about the speakers, the schedule, and other important details on our [official website](#).

We look forward to welcoming you at the conference. Let the revolution begin, one beat at a time!

Organised by Danes je nov dan, Inštitut za druga vprašanja /
Today is a New Day, Institute for Other Studies

We're an NGO with over a decade of experience in the field. Our mission is to promote open data, responsible tech, and participatory decision-making. With our own open-source digital tools and platforms, we've already rocked over 100 projects and built strong partnerships with fellow NGOs and civil society organisations at home and internationally.
